**THE HAWKEYE** insures property against fire, lightning and tornadoes, and has done more business, paid more losses and has a larger surplus over all liabilities than any other Iowa Company. It is purely a home institution, confining its business to Iowa alone. As to its standing among Iowa people, we refer to the above showing, which speaks for itself.

Patronize Home Institutions and Industries is the watchword. Don't send your money out of the State when you can get a policy in one of the best Companies, Home or Foreign, by patronizing the HAWKEYE INSURANCE CO. of Des Moines, Iowa.

# WASHINGTON LIFE INSURANCE CO.

## OF NEW YORK.

ASSETS, \$16,250,000.

  
**W. A. BREWER, JR.,**  
 PRESIDENT.

  
**G. H. BREWER,**  
 SECRETARY.

**T**HE 40th Annual Statement of THE WASHINGTON fully meets every expectation, and in no respect does it differ from former statements save in the greater breadth and scope of the business developed in the twelve months ending December 31, 1899.

The Company has paid to policy-holders since organization \$33,623,988.79, and holds invested assets \$15,903,815.97. Of the latter sum, over a Million Eighty-Seven Thousand Dollars have been loaned to the holders of its policies. The sums paid to the insured, together with the substantial securities held for their benefit, aggregate \$50,000,000.

The business statement of the year, summarized, shows that the Company paid \$1,707,558.48 to policy-holders, with an increase of assets of \$821,589.76. The record of the year also shows over \$5,000,000 of insurance gained, notable gains in assets, in income, in surplus, and in volume of business.

Its liberal and just treatment personally of individuals by prompt payment of claims, dividends and surrender values abundantly sustains a reputation for which this Company has always been conspicuous.

The unhesitating readiness of THE WASHINGTON to grant loans on its policies, has proved of incalculable value in preventing the loss of the insurance. The knowledge of these essential truths has convinced the public that good insurance may be had, and where to get it.

In the last five years THE WASHINGTON paid a larger amount to policy-holders in return premiums (i. e. for dividends and surrendered policies) proportionate to premiums received, than the average of all other life insurance companies in this country.

# Introductory

CHIEF CLERK, DIRECTOR  
Des Moines, Mo., August 1, 1891

**I**N introducing this, our ninth annual Directory of the City of Des Moines, we cannot help feeling a sense of pleasure and disappointment, elation and sadness, as we are profoundly convinced that the late United States census has done our City an irreparable injustice and an injury. On the other hand, we note with great satisfaction that our City is ever advancing in population, manufacturing, mercantile and all diversified industries. We make the lowest estimate of any city in the United States when we say that this present volume contains 35,651 names. Deducting 5 per cent. there, at the usual ratio, would give us 33,960 population. We have made the canvass for information this year with the utmost degree of thoroughness and care, and assert without any hesitation that the Des Moines City Directory will compare in accuracy and completeness with any similar work in the United States. We note with great pleasure the greatly increasing sales of the Directory year by year is fully keeping pace with the city's progress and advancement. We must understand that a City Directory is not merely a work of information to inform our citizens the address of our neighbors. The object and aim of such a publication is vastly broader and higher, deeper and more far-reaching. The Directory is the veins and arteries through which the warm blood flows to sustain a City's life. Without a well regulated, accurate City Directory, no city has in our day, or in the days that have gone before us, arisen to highest flood-tide of commercial appulance and permanent prosperity.

We feel it is the most enjoyable part of our work now ended to thank most sincerely our fellow citizens for their uniform kindness and courtesy in furnishing accurate information to our canvassers in collecting the information for this volume.

R. L. POLK & CO.

**NOTE**—Our patrons will be good enough to remember that we have a well-stocked library of most all City Directories at our office, free to all our patrons.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

2. Next, it is important to gather relevant information and data. This can be done through research, consultation with experts, or by analyzing existing data sets.

3. Once the information is gathered, the next step is to analyze it. This involves identifying patterns, trends, and relationships that can help in understanding the problem.

4. After analysis, the next step is to develop a solution or plan. This involves identifying the most effective approach to solve the problem, taking into account the available resources and constraints.

5. Finally, the solution is implemented and the results are evaluated. This involves monitoring the progress of the solution and making adjustments as needed to ensure that the problem is solved effectively.

## STREET AND AVENUE GUIDE

### EXPLANATION.

IN ARRANGING "The Street and Avenue Guide" for the City of Des Moines, the following plan has been adopted (and approved by the City Engineer): All streets on the west side of the Des Moines river have been designated by the same name or number alone, abolishing the prefix of west except in the case of numbered streets south of Vine; for example: Walnut, Vine, Grand av., Locust. In the case of the numbered streets, all north of Vine are designated as 1st, 2d, 3d, 4th, etc., and south of Vine, w so 1st, w so 2d, w so 3d, etc. Streets east of the Des Moines river which run through to the west side of and beyond the river are designated as e Vine, e Court av, e Walnut, e Locust, etc.; the numbered streets north of Vine as e 1st, e 2d, e 3d, e 4th, etc., and south of Vine as e so 1st, e so 2d, e so 3d, etc. Streets on either side of the Des Moines river which do not run through from west to east Des Moines, are designated by their names without any prefix; for example: Maple, Buchanan, School, University, etc. If located south of the Cooper river, the name of the street is followed by (S D M); if north of the Des Moines river (Highland Park).

The following abbreviations are used: Av for avenue, al for alley, bet for between, boul for boulevard, D M for Des Moines, n for north, rd for road, s for south, w for west, e for east, nw for northwest, sw for southwest, junc for junction, opp for opposite, dr for drive.

Following the description of each street or avenue will be found the names of intersecting street, in the order of their intersection.

The streets as located follow in alphabetical order, with the streets that intersect;

A (Easton Place)—E from Tichenor, 3d n of Easton boul.

# Why We Grow

We are Particular Printers; we put in that little extra nice touch that pleases people. Be the job big or little, it is big enough to be well done, and will be if you send it to us.

Our particular department is our whole shop. Ask us to prove it.

We can convince you that

## OUR BEST IS THE BEST

Our shop is at 207 Sixth Avenue  
and our Telephone is No. 932  
Mutual. Either sort of a call  
will be appreciated.  

### The Armstrong Press.

207 Sixth Avenue.

# The Wrong Way

The wrong way to buy printing is the "cheap" way. If printing is to build business, it must be good printing. "Good enough" or pretty fair won't do. The best only is good enough. If you strain at a dollar and swallow a mean job, some day your advertising cannot be bringing the best results. Good money pays for good work. We do the best work. We know how. "Know how" is the hardest thing in the world to buy. Our "know how" makes it possible to give you more for your money than other printers. More in quality of work, in prompt service, and in general satisfaction. 

STATIONERY IS ADVERTISING.  
BOOKLETS ARE TRADE FETCHERS.  
LEAFLETS, FOLDERS, CIRCULARS,  
ARE MONEY MAKERS. 

We estimate and show samples if you ask us, and you might better ask.

## DOES OUR PERPETUAL LEDGER SAVE YOU MUCH TIME?

3427 Bookkeepers who have used  
our books more than one year  
were asked this question.  
3396 of them replied in the affirm-  
ative.

Leaves are held in a vise-like  
grip when Butler is closed.

### THE PERPETUAL LEDGER

A LEAF MAY BE EASILY INSERTED FROM ANY PAGE OF THE BOOK  
WITHOUT DESTROYING THE RECORD

SALES OFFICES IN ALL THE PRINCIPAL CITIES  
WE VISIT EVERY TOWN IN THE UNITED STATES

# ADVANTAGES OF OUR SYSTEM

## PERPETUAL

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

## ALL ITEMS OF AN ACCOUNT

Are kept together, no matter what length of time the account covers or how active it may be.

## LIVE ACCOUNTS ONLY

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

## QUICK REFERENCE

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

## SAVES TIME POSTING AND BALANCING

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

## ARRANGEMENT OF ACCOUNTS

Can be had as to locality, by states or salesman's territory, in alphabetical order, or as to time of opening, or activity.

## NO SPACING NECESSARY

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

## LESS LIABILITY FOR ERROR

Accounts are more surely located and with one account on each leaf the proper space is readily found.

## EXPANSIVE

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

## EASILY HANDLED

As both sides of the leaf are used for each account, a much smaller sized book can be used.

## FACILITY

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

## CONVENIENCE

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

## SIMPLICITY

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

## ADAPTABILITY

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

## ECONOMY

In every case it costs far less in the long run—less in material—less in time—less in labor.

Over 5,000 Bookkeepers now Using our Ledgers, Testify to these Points of Superiority.

# SPECIAL LOOSE LEAF SYSTEMS

## FOR THE PURCHASING DEPARTMENT.

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System

By the use of a number of these systems in combination, we not only accomplish what you now secure with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the O. K'd invoice itself and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 50 as 5,000 accounts; which will save 25 to 50 per cent of the amount of work done at present.

## FOR THE SALES DEPARTMENT.

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks

We can create an Order System suitable to any business, whereby the original order can be used for filling, shipping, billing and charging the order and thereby eliminate all journalizing of sales

Billing and Charging System

Adapted to most any business—an invoice and journal entry being made at one writing. Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports

## FOR THE SHIPPING DEPARTMENT.

Safety Manifold Shipping and City Delivery Receipts and Books

By the use of which errors in shipment are prevented and all possibility of loss through mis-carriage eliminated.

## FOR THE ACCOUNTING DEPARTMENT.

In this department we offer the greatest labor saving systems known to accountants. We can create for any mercantile or manufacturing business a complete system on the loose leaf plan, whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers—General, Sales and Creditors'

Perpetual Trial Balance and Proof Books, Journal, Cash and other Auxiliary Books

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers, Pocket Ledgers and Collection Reports.

Monthly Statement System

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System

By which any number of clerks can work upon an inventory at one time without the necessity of re-writing. We also manufacture a complete line of high grade

Ruled Sales and Letter Impression Books

## FOR THE MANUFACTURING DEPARTMENT.

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

## FOR BANKS.

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks and have been universally adopted for

General, Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books

Our Silicate Daily Balance Book offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department, saving time and labor.

If you want the most modern, up-to-date methods of accounting, let us systemize your business.

# OUR SECTIONAL POST LOCK BINDER

Holds securely one sheet or one thousand.

Has no long and unsightly posts projecting to catch on everything and be in the way.

Can be opened and expanded to receive leaves without removing the cover.

It is equipped with one one-half and six one inch sections for each post.

It is particularly adapted for filing records of any kind that require indefinite expansion.

The Best Ten-Center Made. All Havana.

This cigar has been on the market as a Ten-cent Cigar, for 23 years, and it is still the same as when started. I do not use seed filler and call it Havana. Smoke the HAWKEYE, and you always get your money's worth.

The Friend of the People. It is better than a great many Ten-cent Cigars.
